## ORTHODOX BIBLE READING PLAN

*Read Through the Bible in a Year*

This bible reading plan is designed to be used with the *Orthodox Study Bible* published by Thomas Nelson (2008). This Bible is unique in that the Old Testament is based on the Septuagint, the Greek translation that was quoted by Jesus and the Apostles and also used by all the early church fathers. It contains roughly 25 percent more content than modern translations because it includes the so-called Deuterocanonical books.

Each day consists of four readings. The first reading is a passage from the Old Testament books of history, wisdom, or the prophets. Passages two and three are from the Psalms and Proverbs, respectively. Passage four is from the New Testament. Psalms and Proverbs are read twice through the year. Doing all four readings will take 15–20 minutes each day.
